

Valorization and transfer of research results

**FUSION
FOR
ENERGY**

Viromii Presentation

Webinar – F4E Demonstrator Call
19/06/2024

Agenda of the presentation

Agenda:

- General information
- Formal requirements, evaluation process and criteria
- Proposal Documents
- Questions

General Information

Objective of [F4E Demonstrator Call](#):

To promote the use of fusion technologies and make them commercially viable in non-fusion markets. A €50,000 grant is available to fund one initiative that aims to further utilize a technology, know-how, or skill developed within the fusion field under F4E activities for non-fusion applications. The initiative should demonstrate a clear commercial potential and address a technical risk that can be mitigated.

General Information

Objective of [F4E Demonstrator Call](#):

To promote the use of fusion technologies and make them commercially viable in non-fusion markets. A €50,000 grant is available to fund one initiative that aims to further utilize a technology, know-how, or skill developed within the fusion field under F4E activities for non-fusion applications. The initiative should demonstrate a clear commercial potential and address a technical risk that can be mitigated.

Which Technologies are eligible?

Technologies, skills, or know-how developed under F4E activities.

Some of these technologies can be found in [F4E Marketplace](#).

Who can apply?

European companies and organisations (registered in a F4E Member State).

Funding: 50.000€ for one project

Deadline: 30th of July 2024

Submission: by email to brokers@viromii.com putting in copy technologytransfer@f4e.europa.eu

Formal requirements, evaluation process and criteria

Formal requirements:

- ✓ The Applicant shall be submitted in the English language.
- ✓ The Applicant must be an entity registered in an F4E Member State.
- ✓ The Applicant must present the planning limited to 12 months starting on the contract signature date.
- ✗ The non-fusion application foreseen shall not promote activities, or be related to the military, alcohol, tobacco, religion, politics, intolerance, violence, firearms, pornography, obscenity, gambling or illegal drugs.

Formal requirements, evaluation process and criteria

Formal requirements:

- ✓ The Applicant shall be submitted in the English language.
- ✓ The Applicant must be an entity registered in an F4E Member State.
- ✓ The Applicant must present the planning limited to 12 months starting on the contract signature date.
- ✗ The non-fusion application foreseen shall not promote activities, or be related to the military, alcohol, tobacco, religion, politics, intolerance, violence, firearms, pornography, obscenity, gambling or illegal drugs.

Evaluation Criteria:

- Feasibility (30%)
- Innovation potential (40%)
- Socio-Economical Impact (30%)

Feasibility	30%	<p>The feasibility and soundness of the technical approach of the proposal to overcome the technical barriers and reach the non-fusion application.</p> <p>The feasibility in budget and schedule of the proposal.</p>
--------------------	-----	--

Innovation potential	40%	<p>To which extent will the proposal facilitate the commercial use of the technology in the specific non-fusion application.</p> <p>The target market and the innovative nature of the technology, product or service to be offered in the market once the demonstrator project has been implemented.</p> <p>The potential market. The expected time to market of the product/service.</p> <p>The potential of the proposal to increase the Technology Readiness Level of the technology in the non-fusion application.</p>
-----------------------------	-----	---

Socio-economic impact	30%	Potential socio-economic impact of the use of the technology in the non-fusion application for the applicant and for society. Potential benefits for society (e.g. job creation), potential advantages, such as faster production, cost reduction, better product, higher safety or comfort of the operations, energy savings, technical improvements in the non-fusion market.
------------------------------	-----	---

Formal requirements, evaluation process and criteria

Formal requirements:

- ✓ The Applicant shall be submitted in the English language.
- ✓ The Applicant must be an entity registered in an F4E Member State.
- ✓ The Applicant must present the planning limited to 12 months starting on the contract signature date.
- ✗ The non-fusion application foreseen shall not promote activities, or be related to the military, alcohol, tobacco, religion, politics, intolerance, violence, firearms, pornography, obscenity, gambling or illegal drugs.

Evaluation Criteria:

- Feasibility (30%)
- Innovation potential (40%)
- Socio-Economical Impact (30%)

An Evaluation Board (F4E, European Commission, EUROfusion, and Viromii) will award the project.
